**Re: Information Request
Jefferson County MO Superfund Site**

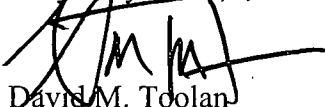

Dear Ms. Catlin:

As we discussed, I serve as legal counsel for APAC-Tennessee, Inc. and APAC-Missouri, Inc. I reviewed the United States Environmental Protection Agency's ("EPA") Information Request related to the above-referenced matter and have asked both APAC entities to determine whether APAC did business with James Stewart. Neither APAC entity has a record of doing business with this individual.

Based on our discussion, it appears that a contractor obtained borrow material from Mr. Stewart's property. Since APAC-Tennessee, Inc. would not need to obtain borrow material for its quarry operations, we need to know whether the material is alleged to have been used on a project constructed by APAC-Missouri, Inc. As a result, please provide me with the name of the road or roads at issue so that we can conduct further research.

Please contact me if you have any questions.

Very truly yours,

David M. Toolan
